

ON-DEMAND REPORTING: The Eastern Shipping Worldwide Advantage

1 DATA ACQUISITION

By accessing reliable subscription services, Eastern obtains up-to-the-minute shipment data for key carriers.

2 DATA + PEOPLE

Our team interprets all raw data against real world circumstances to assure superior tracking.

GLOBAL FREIGHT FORWARDING ■ AIR ■ OCEAN ■ INTERMODAL ■ RAIL ■ TRUCK ■ CUSTOMS ■ LOGISTICS MANAGEMENT

3 DATA REPORTS

A wealth of data via the Descartes™ platform, allows us to create superior tracking profiles for every shipment.

4 DATA ACCESS 24/7

Access on-demand reporting and secure status updates 24/7 via Eastern's website, email, and phone.

DELIVERING EVERY STEP OF THE WAY

What Makes Eastern Shipping So Different?

Eastern leads the way in accurate, robust tracking and reporting. With the award-winning Descartes™ Logistics Technology Platform, we provide the highest level of web-based operational tracking available.

Benefits of On-Demand Reporting

- Monitor all bookings in real-time from anywhere
- Continuous status updates
- Create benchmarks and personal tracking profiles
- Reduce costs while improving service
- Seamlessly comply with global regulations
- Access and review shipment data history
- Prevent misinformation and inaccurate data
